User Journey

A user journey is the series of experiences a user has as they interact with your product.

User Journey Map

A journey map is just an illustration of what the user goes through to achieve their goals.

Benefits of User Journey Mapping

- Helps UX designers create obstacle-free paths for users.
- Reduces the impact of designer bias.
- Highlights new pain points.
- Identify improvement opportunities.

Steps to map out a user journey

Step 1

Add each action in the journey until the user reaches their goal

Step 1

Persona: Jamal

Find a subway route that will take him to the Empire State Building

Determine subway line/route to take	Action 2	Action 3	Action 4	Action 5	Action 6

Step 1

Persona: Jamal

Find a subway route that will take him to the Empire State Building

Determine subway line/route to take	Find the nearest station (wheelchair accessible)	Buy ticket	Find the correct platform (line/direction)	Board the subway	Find the correct exit

Step 2

Add descriptions for each action

What tasks does the user has to do?

Step 2

Persona: Jamal

Find a subway route that will take him to the Empire State Building

Determine Subway line/route to take	Find the nearest station (wheelchair accessible)	Buy ticket	Find the correct platform (line/direction)	Board the subway	Find the correct exit
• Find & read map • Find quickest route • Use map app	• Use map app • Check station accessibility • Get to the station	• Find accessible kiosk • Determine which ticket type to buy • Pay for ticket w/ card or cash	• Follow signs • Look for letter or number line • Uptown or down • Pedestrian traffic • Find ramp or elevator	• Find a good space to park wheelchair	• Open map app again to see which exit to use with elevator or ramp • Follow signs

Step 3

Add how the user feels at each point

You can guess here!

Step 3

Persona: Jamal

Find a subway route that will take him to the Empire State Building

Determine Subway line/route to take	Find the nearest station (wheelchair accessible)	Buy ticket	Find the correct platform (line/direction)	Board the subway	Find the correct exit
• Find & read map • Find quickest route • Use map app	• Use map app • Check station accessibility • Get to the station	• Find accessible kiosk • Determine which ticket type to buy • Pay for ticket w/ card or cash	• Follow signs • Look for letter or number line • Uptown or down • Pedestrian traffic • Find ramp or elevator	• Find a good space to park wheelchair	• Open map app again to see which exit to use with elevator or ramp • Follow signs
Feeling adjective	Feeling adjective	Feeling adjective	Feeling adjective	Feeling adjective	Feeling adjective

Step 3

Persona: Jamal

Find a subway route that will take him to the Empire State Building

Determine Subway line/route to take	Find the nearest station (wheelchair accessible)	Buy ticket	Find the correct platform (line/direction)	Board the subway	Find the correct exit
- Find & read map - Find quickest route - Use map app	- Use map app - Check station accessibility - Get to the station	- Find accessible kiosk - Determine which ticket type to buy - Pay for ticket w/ card or cash	- Follow signs - Look for letter or number line - Uptown or down - Pedestrian traffic - Find ramp or elevator	Find a good space to park wheelchair	- Open map app again to see which exit to use with elevator or ramp - Follow signs
- confused - intimidated	- lost - hopeful	- confused - satisfied	- lost - overwhelmed - excluded	- relieved - glad - alert	- excited - confused
					

Step 4

Add opportunities for improvements

New ideas will come from here!

Step 4

Persona: Jamal

Find a subway route that will take him to the Empire State Building

Determine Subway line/route to take	Find the nearest station (wheelchair accessible)	Buy ticket	Find the correct platform (line/direction)	Board the subway	Find the correct exit
- Find & read map - Find quickest route - Use map app	- Use map app - Check station accessibility - Get to the station	- Find accessible kiosk - Determine which ticket type to buy - Pay for ticket w/ card or cash	- Follow signs - Look for letter or number line - Uptown or down - Pedestrian traffic - Find ramp or elevator	Find a good space to park wheelchair	- Open map app again to see which exit to use with elevator or ramp - Follow signs
- confused - intimidated	- lost - hopeful	- confused - satisfied	- lost - overwhelmed - excluded	- relieved - glad - alert	- excited - confused
					
Better wayfinding	**Improvement opportunities**	**Improvement opportunities**	- Better wayfinding - Designated walk lanes	Phone vibrates to tell you when to get off	Signs mention landmark (not NW corner)
